To whom it concern:

We have been using Donna Mounce and her company for almost two years and are very pleased with her services. Donna has been in charge of issuing our payroll and controlling our accounts payable, while also doing the occasional customer service duties.

Donna's work has always been professional and complete, I would be pleased to recommend her services to any employer.

I would be happy to answer any questions a potential client would have. I can be reached at the contact information below.

Sincerely,

Peter Schrama
